DEATH OF VICTOR HUGO.

The Mission and the Sufferings of the Great French Poet Ended.

Conscious of Approaching Dissolution He Declined Spiritual Solace.

The Great Heart of France Saddened at the National Bereavement.

Hugo's Manuscripts and Bones Bequeathed to His Countrymen.

The Government Authorities Show the Most Marked Evidence of Respect and Arrange for a State Funeral—Last Moments.

GENERAL FOREIGN NEWS NOTES.

France.

VICTOR HUGO DEAD.

PARIS, May 22.—Victor Hugo died at 1:30 o'clock this afternoon. The cabinet of ministers will request the chamber of deputies to adjourn as a token of respect to the memory of the deceased.

It is reported that Victor Hugo bequeathed his manuscripts to France, and that he left it to the republic to select a burial place for his remains and to decide as to the form of his funeral.

HIS LAST MOMENTS.

Victor Hugo's condition was so manifestly worse this morning that his death was regarded as certain to take place in a few hours. When this fact became known Cardinal Guibert, archbishop of Paris, sent specially to Hugo's residence to offer him the services of a minister—spiritual aid and the rites of the Catholic church. M. Lockrey, the poet's son-in-law, who is in attendance at the death-bed, said the cardinal's proffer came, replied for Hugo, declining with thanks the archbishop's tender and saying for the dying man: "Victor Hugo is expecting death, but he does not desire the services of a priest."

ACTION OF THE GOVERNMENT.

The government proposes a civil funeral for Victor Hugo at the expense of the state. The newspapers of Paris are busy in mourning this evening. It is believed the funeral will be the grandest seen in France for a century. The poet was sketched as he lay on his death-bed by the government painter, Bonnet, who will transfer to canvas the impression taken. In the senate M. Leroy delivered an eulogium on Hugo. The speaker said for the past 60 years Victor Hugo had been the admiration of France and the world.

He had entered eternity. His glory belonged to no party, but to all men. Prime Minister Brisson delivered an eulogy in the chamber of deputies. He said the whole nation mourned the loss of Hugo, and he moved that the funeral of the poet be at the state's expense.

The motion was greeted with applause, and the senate and chamber of deputies joined in the vote. The funeral will be held in the Ard de Triomphe for 24 hours. The municipal council has expressed the wish that the remains be interred in the pantheon. This wish will be considered by the council of ministers tomorrow. The death of Victor Hugo dwarfs every other subject, political as well as social.

Congo.

A NATIVE REVOLUTION.

PARIS, May 22.—The French Societe Geographique has received news from the Upper Congo that the large Mohammedan population inhabiting that region, excited probably by stories of El Mahdi's success, have resolved to assert their claims to the centre of Africa. The immediate occasion of this extraordinary movement is said to have been the conduct of one of Henry Stanley's expeditions. This expedition and the convoys guarding it, were commanded by an agent of the international African association. Instead of doing the work of the expedition, the Mohammedans collected a collection of ivory to Stanley, Pool and Viva, the expedition proceeded under the protection of a powerful Arab chief named Tipu Tahab, and started to reach Zanzibar. Tipu Tahab had not known the extent of the ivory field in the interior until he saw it in rich stores gathered by the expedition, and as soon as he had discharged his task as escort all he could, he raised a powerful army and proceeded to the interior. The story about El Mahdi and his expulsion of the English from the Sudan are supposed to have been carried to the turbulent Mohammedans by Tipu, and it is feared they may make it very difficult for the international African association to carry out its projected work of establishing the free state of Congo. Tipu's army is exceedingly strong, and 3,000 of his soldiers, it is said, are armed with modern rifles. This army, the report says, is now advancing, making its way by pillage and massacre. Arawia station has been sacked and destroyed. The negroes who inhabited it fled in panic before the attack. Tipu Tahab has proclaimed the Congo as a territory belonging to the Sultan of Zanzibar, and he has announced his intention to suppress all opposition to his claim. The country around Lake Tanganyika is at present the centre of the movement started by Tipu Tahab, but it is thought all the Mohammedans living in the belt of territory running thence in both directions across the continent will be seized with the new fanaticism, which promises such wealth and power for them.

RESCUED FROM ICEBERGS.

QUEBEC, May 22.—The bark Brilliant, which arrived here last night from Paragrand, had on board the crews of the bark Bayard, Capt. Anderson, from Drobak, for Metis, and of the steamer Mary Louise, of Newcastle, Capt. Greff, from New York, for Liverpool. Capt. Anderson, of the Bayard, states that he left Drobak on April 4 for orders to Metis. The vessel met with variable weather until midnight of the 6th of May, when, with the weather thick and foggy and very dark, she ran into the bank of New Foundland. The vessel was completely surrounded by ice and icebergs. The crew

The Renegade Apaches.

TUCSON, Ariz., May 22.—News from Clifton says that the Apaches who left their reservation have gone in the direction of Mogolon range. As the settlers along that route had not been warned, it is feared many outrages and murders will be committed. A later report says:

Capt. Smith and his scouts have started to patrol the line between New Mexico and Arizona. Troops also have been ordered to the Black range. All passes to Old Mexico are being guarded. It will be almost impossible for the renegades to escape the troops.

KILLINGS AT TABLE LAKE.

TOMBSTONE, May 22.—A military courier from Fort Bowie brings information that the Apaches killed two men at Eagle creek Tuesday night.

ATROCITIES AT ALMA.

DEMING, May 22.—Reports reach here that the Apaches have killed four miners at Alma, a small mining camp on Frisco river.

Arrests at Round Rock.

ROUND ROCK, May 22.—(Special.)—Yesterday City Marshal F. M. Kent arrested one John Henry, colored, wanted in Robertson county for murder committed about 19 years ago, his victim being a Mexican peddler. Robbery was the object of the crime. Mr. Henry from all appearances is one of the highway to glory by the straight and narrow way of a rope. Marshal Kent also made a successful raid on a gang of chicken thieves, successfully bagging three gloomy-complexioned lovers of the feathered bipeds, none of whom had entered their teens.

More Dastardly Deeds at Austin.

AUSTIN, May 22.—(Special.)—This morning at 2 o'clock Mattie Sellers, a colored cook in the family of Mr. Sauer, was called to the door, when she was set upon and cut in six or seven places. The wounds are dangerous, but not necessarily fatal. She accuses one Nora Johnson, who it seems is jealous of Mattie, of doing the cutting, and she and one Henry McGary, colored, as an accomplice, have been arrested.

Burglars entered the residence of Mother Monroe Miller last night and carried off some clothing.

More Rustlers Run In.

ABILENE, May 22.—(Special.)—Sheriff Scarborough, of Jones county, arrived in the city to-night with A. J. Williams, a noted Clear Fork cattle thief and desperado, and Bob Coleman and Tom Bab, two of his principal assistants. The three were captured in Lincoln county, New Mexico, after a dangerous search of several weeks. The gang has long been terrorizing the residents of Jones and surrounding counties, and their capture will be hailed with universal joy.

Another Rustler Convicted.

GAINESVILLE, May 22.—(Special.)—The jury in the J. H. Rainey trial, after having been out 24 hours, brought in a verdict of murder in the second degree and assessed his punishment at confinement in the penitentiary for 10 years. One of the witnesses for the defendant in this case, Bill McDonald, has been arrested and jailed on the charge of perjury. It is alleged that he swore to lies to save the Rainey's, who are relatives.

The Chicago Trunk Tragedians.

CHICAGO, May 22.—The five Italians indicted for the murder of Caruso, the lemon peddler, by choking him to death, were before Judge Hawes to plead this afternoon. They all at first, with the exception of A. Azaro, pleaded guilty, but they so plainly did not understand the effect of their plea that the judge formally entered in their behalf a plea of not guilty, so their rights might be presented.

Goodwin Jackson Swung Off.

LITTLE ROCK, May 22.—At Clarendon, Arkansas, to-day, Goodwin Jackson, colored, who, in November last, beat Sandy Redman, colored, to death with a fence rail, was hanged in the presence of a very large crowd. He died protesting that he did not intend to kill Sandy, but struck him for threatening to strike Mrs. Jackson.

A Bloody Murderer Lynched.

COLUMBUS, O., May 22.—Albert Guest shot City Marshal Henry Aver at New Straitsville to-day, putting four bullets into his body. One of his shots also fatally wounded a young boy on the street. Guest was arrested and jailed, but 200 men to night took him from the jail and hanged him.

Held Without Bail.

NEW YORK, May 22.—Louis Francois, the Frenchman who murdered his wife and was about to throw the body in the river, was arraigned in court to-day and pleaded not guilty. He was committed for trial without bail. The body of his wife is interred in Weehawkin cemetery.

Almost a Jail Delivery.

BALTIMORE, May 22.—(Special.)—The prisoners in the county jail obtained a case knife in some way to-day and had almost carved their way out when discovered by Deputy Sheriff Taylor. There are several bad men among them, from this and other counties.

Bowie Brevities.

BOWIE, May 22.—(Special.)—Mr. P. S. Frosts, of the HERALD, stopped off at Bowie yesterday on his return from Harrold and remained over until to-day.

The Knights of Pythias ball last evening was a grand and brilliant success, and Bowie made a showing that was most creditable.

Cattle trains continue to pass up the

Bowie Brevities.

BOWIE, May 22.—(Special.)—Mr. P. S. Frosts, of the HERALD, stopped off at Bowie yesterday on his return from Harrold and remained over until to-day.

The Knights of Pythias ball last evening was a grand and brilliant success, and Bowie made a showing that was most creditable.

Cattle trains continue to pass up the

road daily, the shipments this way be-

ing steady and considerable in number. Work is well advanced on the Cleveland stone building and the walls are towering up in the distance.

Ground is being broken to-day for another brick building on Smythe street, to be 25 by 80 feet and two stories high.

The Harrold excursion train returned about 11 o'clock last night, bringing back Bowie citizens who went out of the town, so far as learned, lavished at the sale, preferring to put their money into a town already built up in the midst of a thrifty farming community.

Several contracts were entered into here yesterday between stockmen, for the delivery of cattle at Bowie about the middle of next month, buyers paying good prices. A lot of 5,000 pounds of wool was brought in during the present week. Another smaller lot of several hundred pounds came in to-day. The large wool clips are yet to be made.

The city fathers are having the streets thoroughly cleaned and the trees and shrubs cut out in the side streets. This action, though damaging the streets of much shade, is greatly improving the appearance of the place.

Minister Lothrop Vindicated.

LANSING, Mich., May 22.—Charges having been published in the New York Tribune and other newspapers against the character of Gen. V. N. Lothrop, in his connection with the case of the state of Michigan vs. the Phoenix bank, in the New York court of appeals, the state house of representatives to-day adopted by a unanimous and rising vote the following concurrent resolution, offered by Mr. Davis, of Baraga, a Republican:

Resolved, the senate concurring, That the state of Michigan, fully aware of the integrity, rectitude and blameless life of Hon. V. N. Lothrop, its high estimate of his character and the people of the state no vindication in the community where he has lived so long; but inasmuch as he has been subjected by strangers, through a sensational and reckless press, to the aspersions which have been cast upon him, and to again congratulate the president and the people of the United States on the appointment which is so eminent a degree assures to the public service a gentleman well fitted by his purity and commanding talents to cast honor upon the country which he will represent in foreign courts.

Corsicana Cullings.

CORPORA, May 22.—(Special.)—Worshiping Joe Hardin, the Campbellites evangelist, arrived in the city this morning and will commence a protracted meeting at Butler's hall to-night.

The fourth annual banquet of Mrs. Tally Gulek's school was given last night. The exercises were of the most interesting character, and the refreshments were all that any one could wish.

A petition has been presented to the city council for the incorporation of a juvenile fire company. The petition has been taken the matter under advisement.

A very pleasant entertainment was given by Mr. J. E. Whiteside, Wednesday night, to his married guests and friends, about 50 of whom were present and who were made to feel that their host was a connoisseur in making his friends enjoy themselves.

Mr. E. F. McFarland has accepted a position at Tyler, and has moved his family to that point.

Hon. Bryan Barry left this morning for Tyler on business.

Dr. Gulek and lady left last night for the exposition.

The Central road has stopped issuing excursion tickets to the exposition, all tickets hereafter sold will be full rates.

Dots From Decatur.

DECATUR, May 22.—(Special.)—County court convened Monday last, passed the probate docket yesterday and will open the criminal docket on Monday next, at which time much of the work of the last grand jury will be put to the test. Wednesday of the third week of this day set for the trial of the Beard slasher case, a matter in which many citizens are taking an active interest. Several attorneys from neighboring towns will probably appear in this case.

This week has been of unusual interest to the people of Decatur and vicinity, the public examination of the graded school being in progress. The examination, so far, has been very satisfactory to the patrons and highly complimentary to the principal, W. J. Terrell, and his most worthy assistants. The school closed this evening with an attendance of something near 150 pupils.

There has been considerable rainfall for several days, but fair weather has followed by increasing cloudiness and occasional rains, southerly winds, stationary temperature.
